2020-21	2019-20	2018-19	
0	0	0	

**Online Education**

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.	<p>In the unprecedented situation of COVID -19, the OP Jindal University (OPJU), Raigarh quickly adapted to the situation and continued all its operations without any interruption. The university immediately started online teaching, learning, assessment and adopted ICT based tools to take care of all day to day university operations. Further, University also explored the examination and evaluation mechanisms and all other administrative activities for the current semester during the pandemic. The university functioning model has been evolved taking into consideration experiences and suggestions from faculty members and students, webinars from different academic leaders and experts across the world. This initiative was recognized and appreciated by the Honorable Chairman of AICTE.</p> <p>(A) Teaching Learning: Soon after declaration of lockdown, the University has prepared the time table and started online classes of the students across all the programs. Faculty members of the University were taking the online classes regularly by using various ICT Based tools like Zoom, Google Hangouts/meet, Skype, Google classrooms, Moodle Learning Management System (LMS), Google forms, YouTube, etc. The faculty members started re orienting the study material to online mode for example they converted the courses notes into ppts, conversion of assignments into the e-content and so on. The Moodle proved to be a very useful tool at OPJU in uploading course material, assignments, case studies and quizzes. All these classes are interactive in nature. While taking the online classes, the faculty members of University are not compromising in quality. University also became the nodal centre for virtual labs and conducted experiments virtually. Many internal surveys of faculty members and students were also being conducted to understand and update the online teaching/learning process. University also conducted online faculty members development programs in gearing up the new pedagogies and instill positivity among faculty members during the crisis. The Vice Chancellor, Registrar, Deans of Schools and HODs of various departments of the University are also interacting online with the students and their parents to take the feedback of the classes going on and to see their well-being.</p> <p>(B) Examination and Evaluation: The conduction of examinations was a major challenge for university during the pandemic. The stakeholders also expressed their concern about the examinations and possible delay in the next academic calendar. Taking note of the genuine concerns of the students, parents &amp; teachers, OP Jindal University had conducted an online End Semester Examination, through its robust IT infrastructure and latest in-house developed technology. Initially, The University conducted mid semester examinations in online mode during 25th April to 30th April'2020 as a pilot test and noted down all the concerns of stakeholders for conducting smooth end semester examinations. Finally, the University created a robust and secured platform and mechanisms to handle all the issues and problems of bandwidth, poor connectivity and diverse gadgets. Two types of questions were asked in examination i.e. Objective type (Multiple choice, True False, Matching, One word) and subjective type (Short &amp; Medium Answer). A dash board was also made available to the faculty members to evaluate the subjective questions manually whereas objective questions are graded automatically. At first, the University conducted end semester examinations through OPJU Moodle for its final-year students who had to join the job market from June-July. On the same line, the university conducted the online end semester examination for the intermediate semester as well.</p>		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	1
